Umbrella term: Virtual Exchange is ...

- A practice and academic field of research
- Sustained, technology-enabled, people-to-people education programmes
- Constructive communication and interaction takes place between individuals or groups who are geographically separated and/or from different cultural backgrounds
- Supported and led by educators and/or facilitators
- A combination of the deep impact of intercultural dialogue and exchange with the broad reach of digital technology

Aims of Virtual Exchange

- To allow an increasing number of people to have a meaningful intercultural experience as part of their formal and/or non-formal education
- To increase mutual understanding, global citizenship, and digital literacies in courses across the curriculum
- To develop employability skills such as digital competence (the ability to communicate and collaborate effectively online), foreign language and communication skills, media literacy, the ability to work in a diverse cultural context and team work

From grassroots to larger-scale initiatives
